FOOD ENGINEERING

A CHILTON PUBLICATION

FOR BETTER MANAGEMENT IN MANUFACTURING

EDITORIAL INDEX

January to December 1963

Volume 35

CHILTON COMPANY · Chestnut & 56th Sts., Philadelphia, Pa., 19139

ANNUAL EDITORIAL INDEX

January to December, 1963—Volume 35

A

Acids—Soft drink acids rated by panel for sourness (at) (A)....Apr. 96

Additives
Effect of additives on butter spreadability (at) (A) .....Apr. 95
Improves baked goods (ia) ....June 126
Maltol approved for use in wine (ia) .....Mar. 126
Update of OK additives. K. Morgareidge and R. Tantillo .....May *122

Adhesives—2 hot-melt systems ..Nov. *50

Air Filters
For "clean room" activity (e) ...May *144
In-line gas purifier (e) .....Aug. *107
Versatile unit cleans compressed air efficiently (sm) .....Feb. *114

Air Vibrators—Silent air vibrator (e) .....Sept. *132

Aluminum
Aluminum cans gain (ppo) .....Mar. 31
Chips bagged in foil (pp) .....Oct. *28

Analysis—Permeability method determines surface areas of milk powders (at) (A) .....Aug. *91

Analyzers
Adapts chromatographic analyzer to on-line control (e) .....May *135
Continuous polarimeter .....Jan. *90
1-step chemical analyzer (e) ....Mar. *114
3 stream analyzers .....Nov. *98
Turbidity analyzer (fl) .....July 116

Antioxidants—THBP, a new food antioxidant .....May 80

Aseptic Processing
Aseptic processing advances—part II. V. R. Carlson (chart) ..... Jan. *45
Aseptic processing-packaging ...Aug. 47

Automation
Automated batching blends variety of formulas. J. A. Perry and John V. Ziemba .....July *48
Automated mixing .....June *85
Automatic program control. Leo Walter .....Mar. *46
Automatically converts dry dextrose to syrup to simplify handling (dib) .....July *87
Continuous curd salting .....Aug. *52
Digital computers will control production, warehousing .....July *90
Guide to automated dairies (at) (A) .....July 98
Heinz creates new methods. Frank K. Lawler .....May *54
How to automate batching .....June *76
Panel-controlled ice cream making .....Aug. *51
Planning: key to successful CIP. G. A. Smith .....Apr. *72
Refrigeration goes fully automatic. A. F. Christensen .....Feb. *43

B

Baby Foods
Heinz creates new methods. Frank K. Lawler .....May *54
Tuna fish dish for baby (pp) ....Nov. *28

Bacteria—Study of mold growth in frozen berry pastries (at) (A) ..Jan. 93

Bagging—Makes bags, drum liners (e) .....Aug. *107

Bakeries and Baking
Bakes bread in wrapper .....Aug. 73
Barbecue cracker snacks (pp) ..June *33
Continuous fermentless bread process .....Aug. *73
Cuts potato-baking time (dib) ..Mar. 82
Dynamics of cake-baking: water's role in formation of layer cake structure (at) (A) .....Dec. *87
Frozen baked goods make stronger bid .....Jan. *48
New family of homemade cookies (pp) .....Aug. *27
Proofing and baking effects (at) (A) .....Aug. 92
Quality image (pp) .....May *32
Swirl cake specialty (pp) .....June *32

Batch Operations
Automated batching blends variety of formulas. J. A. Perry and John V. Ziemba .....July *48
Batching and mixing .....June *75
Better batching equipment .....June *79
How to automate batching .....June *76
Photocells control successive ingredient batching (pi) .....Nov. *69
Simplified liquid batching .....Mar. *56

Batch Weighing—General Mills improves batch weighing (dib) ..June 94

Batteries—Cuts truck-operating cost (e) .....Nov. 136

Battery Chargers—Charges batteries in half the usual space (pi) ....Oct. *70

Beer
Big success, big problems (ppo) ..July 31
Formation of diacetyl in domestic, German beers (at) (A) .....Feb. 89
Fusel oils in beer (at) (A) .....July 97
Green or unkilned malt tested for beer making (at) (A) .....Dec. 88
Haze and beer gushing (at) (A) ..Mar. 93
Producing and storing beer concentrates (at) (A) .....Feb. 90

Belting
New knuckling and weld (e) ... May *147
Speeds cookie cooling (dib) .....Sept. *96

Beverages
Fat market sparks sugarless drinks (pp) .....May *32
Magic wand makes water into soft drink (pp) .....Aug. *26
Mix and serve (pp) .....May *32
New beverage cloud (ia) .....Sept. 140

Blending
Automates continuous blending. Leonard Trauberman .....Apr. *93
Blending system .....Nov. *99
Blends continuously without recirculation (e) .....July 107
Digital blending system .....Jan. *90
Vacuum sausage blender (e) .....Nov. 136

Boilers
Boiler damage .....Dec. 69
3-pass boiler (e) .....Nov. *134

Bread
Advantages of using lactase in breadmaking (at) (A) .....Jan. 93
How sugars, amino acids affect bread qualities (at) (A) .....June 103
Isolation, synthesis of a bread flavor constituent (at) (A) ....Aug. 91
Lysine in wholewheat and cereal products (at) (A) .....Feb. 90

Brewing
Big changes taking place .....Aug. 75
Continuous mashing and wort boiling .....Aug. 75
Green malt in brewing (at) (A) Sept. 105
Programs tank cleaning. Victor Ecimovich, Willard Nebb, and Ed Kuhles .....Nov. *44
Unmalted wheat flour yields satisfactory brews (at) (A) .....Apr. 95

Butter
Effect of additives on butter spreadability (at) (A) .....Apr. 95
Concentrated butter color (ia) ..Sept. 140

C

Candy—Refrigerate your candies. J. G. Woodroof .....Sept. *114

Canning—Simplifies canning operation. Dick Rice .....July *99

Carbonation—Carbonates with plate gas exchanger .....Aug. *55

Centrifuges—Discharges overflow under pressure (e) .....Oct. *123

Cereals—Lysine in wholewheat and cereal products (at) (A) .....Feb. 90

Checkweighing
Accurate filling and checkweighing .....Mar. *65
Checkweighs open trays (e) .....Feb. *106
General Mills' Rx for package-weight control. James W. Speers and Victor Del Rosso .....Apr. *43
High-speed checkweighing .....Feb. *52
300-per-min checkweigher .....Oct. *113

Cheese
Changes in Swiss cheese during making, storage (at) (A) .....Sept. 105
Distribution patterns of cottage cheese particles (at) (A) .....Aug. 91
Dries heat-sensitive cheese with infra red (dib) .....June *93
Foam-spray drying of cheddar cheese slurries (at) (A) .....Oct. 101
Hot cheese dip from boilable bag (pp) .....Aug. *26
Spray-dried cheeses .....May 85
Surface enzymes related to soft cheese ripening (at) (A) .....May 117
Using vacuum to decrease openness of cheese (at) (A) .....Oct. 102

Chemicals—Handling chemicals safely (tm) .....May 69

Chocolate
After dinner flavor (pp) .....Dec. *27
Applied pressure gives better tempered chocolate (at) (A) .....Apr. 95
Cocoa, chocolate fineness determined by wet sieving (at) (A)..Feb. 89
Damage to chocolate during hot weather (at) (A) .....Sept. 106
Effect of germ rootlets on chocolate quality (at) (A) .....Sept. 106
Effect of vibrating chocolate-enrobed products (at) (A) .....Oct. 102
Infra-red spectra detect chocolate adulterants (pi) .....Dec. 61
New chocolate tempering (at) (A)..Mar. 96
New viscometer used for chocolate flow properties (at) (A) .....Jan. 94
Tips on bulk handling, storage of chocolate (pi) .....Nov. 69

Chromatography
Adapts chromatographic analyzer to on-line control (e) .....May *135
Gas chromatography applied to the gas permeability measurement of films (at) (A) .....May *117
In-stream chromatograph for continuous control (e) .....Sept. *123
Paper chromatography (fl) .....Nov. 137
Process gas chromatograph .....Jan. *90
Versatile chromatograph (fl) ....Sept. *138

Clarifiers
Clarifier-homogenizer .....Jan. *50
1,000 lb/min clarifier (e) .....Mar. 109
Streamlines syrup processing ....July *63

Cleaning
Air cleaner .....Mar. *57
Bottle feeder-cleaner .....Mar. *57
CIP recirculating unit .....Jan. *52
Circulation-type cleaner (sm) ....Feb. 114
Cleaner-brightener (sm) .....Aug. 110
Cleans tanks sonically (sm) .....June *125
Cleans a 26-in. swath (sm) .....Oct. *132
Electric-powered washer (sm) . Sept. 139
Extracts foaming detergents from waste waters (sm) .....Nov. 138
Figures cleaning costs (pi) .....Dec. 61
Heavy-duty cleaner (sm) .....Mar. 125
How to select today's floor-cleaning units. J. M. Sassano .....Apr. *81
Improved air cleaner (e) .....July 113
Low-cost steam cleaning. W. O. Merritt .....Apr. *77
Planning: key to successful CIP. G. A. Smith .....Apr. *72
Portable spray unit hooks onto faucet (sm) .....Jan. *108
Portable vacuum cleaner (sm) ..Oct. 132
Programs tank cleaning. Victor Ecimovich, Willard Nebb, and Ed Kuhles .....Nov. *44
Rotary-type feeder (sm) .....July 119
Rotating ball cleaner (sm) .....Sept. *139
Versatile steam cleaner (sm) ....July *119

Coatings
Drum—Fused coating cuts cost of corrosion-resistant drum (e)...Apr. *112

Floor
Epoxy floor coating (sm) .....Jan. 108
Floor finish lasts 1 yr (sm) .....Jan. 108
Resistant floor topping (sm) ....Mar. 125

Food
Coat-it-yourself kit (pp) .....June *32
Coating fat is compatible with cocoa butter (ia) .....Feb. 113
Confectioner's coating butter ....May 83
Ready-made frosting (pp) .....Sept. *32

Inorganic—Protects cement, metal (sm) .....Dec. 109

Package—Reinforced wax promising (ppo) .....Apr. 29

Paper
High-gloss lacquer (ppo) .....Jan. 33
Paper-release coating (e) .....Feb. 111

Coconut Process—Integrated coconut process .....Aug. *65

Coffee
Complete coffee package (pp) ....Aug. *29
Pre-brewed coffee (pp) .....Jan. *27

Colorimeter—Recording colorimeter..July *102

Colors
Carotenes stabilized for 500-F. processing (ia) .....Feb. 113
Improves color grading (e) .....Feb. 109

Communications
Aids talent recruiting (tm) .....Nov. 53
Not at loss for words (tm) .....Nov. 53
Posters show employees value of fringe benefits (pi) .....July 69
Speeds data handling with phone system (dib) .....Jan. *85
Speeds order handling (tm) .....Oct. 61

KEY TO DEPARTMENTS

(at)	Advances in Technology
(dib)	Doing It Better
(fl)	For the Lab
(ia)	Ingredients & Additives
(ppo)	Packaging Pointers
(pp)	New Packages & Products
(pi)	Practical Ideas
(sm)	Sanitation & Maintenance
(tm)	Tips to Management

Compressors

V/W compressor adjusts to local conditions (e) ..... Jan. *106
Dries compressed air (dib) ..... Nov. 91
How to select a compressed air system—part I. Don W. Benner. Jan. *86
How to maintain your compressed air system—part II. Don W. Benner ..... Feb. *56
Oil-free compressor (e) ..... Oct. 118
Rotary compressors (e) ..... May *146

Computers

Computers speed lab work (tm) .. Apr. 55
Digital blending system ..... Jan. *90
Digital computers will control production, warehousing ..... July *90
Latest computer control (e) ..... Feb. 111
Let IR work for you. Richard D. Kornblum ..... Feb. *45
New color computer ..... Nov. *99
Offers computer control for smaller plants (e) ..... Sept. *130

Construction

Armour builds lab on a budget .. Oct. *45
Bottling Plant—Plant designer's dream ..... Oct. *50
Cannery—Libby builds in Puerto Rico ..... Oct. *99
Constructs from 'inside out' ..... Dec. *84
Dairy Plant—Unique design permits . . . change and expansion —quickly. W. J. (Buck) Grant and Don Moore ..... Oct. *54
Decorative steel column resists fire (e) ..... Oct. *124
Designs for progress ..... Oct. *90
Economy prefabs offer quality construction (e) ..... Feb. *106
For fast erection (e) ..... Feb. *105
How GMI builds plants. Hans Schmelzer ..... Oct. *74
Macaroni Plant—Small but sophisticated ..... Oct. *96
New labs being built ..... Oct. *69
New traffic door (e) ..... June *123
Pilot-Plant—AEC erects irradiation pilot-plant ..... Oct. *108
Plant—Get most plant for money. A. T. Waidelich ..... Oct. *83
Pneumatic door operator (e) .... Mar. *122
Prefab—Prefab sandwich panels cut building costs (e) ..... Oct. *115
Prefab—7 clever prefab buildings. Oct. *92
Refinery—Layout keyed to bulk-handling ..... Oct. *104
Saves with prefab construction (dib) ..... Apr. *89

Containerization — New insulated container is self-refrigerated, collapsible (e) ..... Aug. *101

Control Systems

Computer-control system (e) .... Nov. 128
Versatile control system (e) .... Aug. 108

Controls

All-weather recorder (e) ..... Feb. *106
Compact motor controller (e) ..... Apr. 112
Compact terminal board (e) ..... May *153
Controls simplify warehousing ... Jan. *77
5-channel weight classifier (e) .. May *146
Level control employs electronic trigger (e) ..... May *151
Liquid level control (e) ..... Aug. *109
Minimizes the hazard of power failure (dib) ..... Dec. *77
Portable recorder (e) ..... Feb. *111
Program controller (e) ..... May *141
Recorder-controllers ..... Jan. *91
Resistance-bulb recorder/controller Jan. *91
2 controllers ..... Nov. *100
2-stage regulator (e) ..... Sept. *130
Versatile controller (e) ..... Nov. *136
Versatile totalizer (e) ..... May *142

Conveying

Automates solids handling ..... Jan. *70
Combiner provides single-file flow Nov. 51
Delrin guide rails curb container damage ..... Nov. *124
Designs safety into conveyor systems (pi) ..... Mar. *61
Palletized loads moved on air .... Jan. *67
Speeds conveying of viscous items (e) ..... Nov. *127
Spiral lift ..... Mar. *56

Conveyors

Advanced conveying equipment ... Jan. *66
Aids interfloor handling (e) .... Dec. *106
Cuts conveyor downtime (dib) .... Nov. *91
Cuts handling costs (dib) ..... Oct. *88
For easy cleaning between batches (e) ..... July *116
"Hour glass" aluminum rollers (e) ..... July *110
Latest facilities will speed and simplify beet handling (pi) .... Feb. 60
Magnetic conveyor (e) ..... Nov. *127
Perform unique job ..... Jan. *75
Pneumatic grain conveyor (e) .... Nov. *127
Smooths flow on curves (e) .... Feb. *101
Stainless-steel conveyor table (e) Oct. *121
3 latest conveyor systems ..... Aug. *86

Cooking

Improves meat cooking in oblong cans (dib) ..... Oct. 88
Starch, cereal cooker (e) ..... Oct. *125

Cooling

Cools liquids, gases (e) ..... Sept. *131
Cools milk to 34F (dib) ..... June *93
Improved trailer loading preserves product quality (at) (A) ..... July 97
Nabisco's uniquely designed tunnel cools product efficiently ..... Dec. *54
Rotary cooler (e) ..... Aug. *106
Speeds sugar cooling with fin-type exchanger (dib) ..... Feb. *81

Corn Syrup

High conversion corn syrup ..... May 86
Liquid corn adjuncts ..... May 84
71-D.E. corn syrup ..... May 85

Corrosion—Curbs conduit corrosion (dib) ..... Apr. 89

Costs

Cost saver coming (ppo) ..... Oct. 33
Low volume affects costs (tm) ... Apr. 55

Couplings

Couplings are self-sealing (e) ... Nov. *135
Flexible spacer couplings (e) .... May *147
Modern flexible couplings do more than couple (pi) ..... Apr. *64

Cutters

Cuts steel strap safely (e) ..... Jan. *105
Mushroom cutter ..... Mar. *57

D

Dairy

Advances in cheese ..... Aug. 70
Centrifuges remove bacteria ..... Aug. 70
New method of gas packaging .. Aug. 70
Prepared mixes for soft ice cream Aug. 70

Dairy Engineering—Engineered answers to problems. John V. Ziemba ..... June 99

Dairy Products — Stabilized dairy products ..... May 80

Defoamers

"Tailored" defoamers (ia) ..... June 126
Unique centrifugal-sonic machine defoams, deaerates continuously (e) ..... June *118

Dehydration

Explosive puffing. Roderick K. Eskew, James Cording, Jr., and John F. Sullivan ..... Apr. *91
How drying temp. affects pork dehydration by AFD (at) (A) .... Feb. 89
Latest drying techniques ..... Feb. *76
Moisture removal (report) ..... Feb. *63
Pilot-plant dehydration of diced sweetpotatoes (at) (A) ..... May 118
Precooked sweetpotato flakes go commercial. John H. Nair .... July *55
Quick-cooking dehydrated sweet potatoes. John F. Sullivan, James Cording, Jr., and Roderick K. Eskew ..... Nov. *59
Quick-cooking dehydrated vegetables. J. Cording, Jr., R. K. Eskew, J. F. Sullivan, and N. H. Eisenhardt ..... June *52

Density Control

Gradient column measures wheat density (at) (A) ..... Feb. *89
On-stream density gage (e) ..... Oct. *118

Desserts—Improved fruit pies (pp) Feb. *27

Dietary Foods

Calorie control patties (pp) .... Oct. *28
Fat market sparks sugarless drinks (pp) ..... May *32
New diet drink has all aluminum can (pp) ..... Dec. *27

Distribution

Evaluates Europe's challenge (tm) ..... Sept. 59
Labor productivity in food distribution. Gerald A. Fitzgerald.
part III—Proposed ABC system should make fractional palletization practical for all food manufacturers, wholesalers, and retailers ..... Jan. *97
part IV—Automatic re-ordering, inventory control, and stock replacement offer unusual cost-cutting potential to food processors ..... Feb. *83
part V—Here is a practical labor-saving technique for all food processors: fractional palletization of products in trays Mar. *100
part VI—Packers can enjoy higher profits through warehousing and retail delivery under the ABC control system ... Apr. *105
part VII—Tray packing all manufactured food items provides for 100% palletization and long-range ordering by buyers .. May *72
Points on physical distribution (tm) ..... Dec. 53

Economics

Food firms go down under (tm) .. Mar. 53
71 food firms among 500 (tm) ... Aug. 82
Untapped markets beckon (tm) .. Feb. 51

Management—Releases distribution study (tm) ..... Dec. 53

Transportation—New over-the-truck transfer unit advances containerization (e) ..... Apr. *113

Warehousing — Controls simplify warehousing ..... Jan. *77

Doors—Sliding door increases truck-dock capacity (e) ..... Sept. *132

Drives

Compact vari-speed drive uses silicon rectifier (e) ..... Mar. *118
Feedback unit controls motor drives (e) ..... Nov. *127
Has high starting torque (e) .... Nov. *132
Packaged drive unit offers many benefits (pi) ..... Oct. *71

Drums—Offers safer handling (e) .. Mar. *123

Dryers

Direct-fired rotary dryer (e) ..... Oct. 128
Drum dryer (e) ..... Dec. *106
Fluidizing unit ups drying efficiency ..... Jan. *59
Single-drum dryers (e) ..... Oct. *118

Drying

Dries heat-sensitive cheese with infra red (dib) ..... June *93
Drying without heat ..... Feb. 76

Dumpers—Unloads sugar by the car (dib) ..... Feb *82

E

Economics

GF proves success formula (tm) .. Sept. 59
Outlook for 1963. Frank K. Lawler (charts) ..... Jan. 41
Technical achievement will pace 1963 (ed) ..... Jan. 37

Electronics

Automates solids handling ..... Jan. *70
Controls simplify warehousing .... Jan. *77

Emulsifiers

Lactylated emulsifier study (at) (A) ..... May 118
New doughnut emulsifier (ia) .... Apr. 127
Ultrasonic emulsifier ..... July *102

Engineering—How GMI builds plants. Hans Schmelzer ..... Oct. *74

Enzymes

Enzyme activity studied in freeze-dried foods (at) (A) ..... Mar. 93
Latest enzymes ..... May 81
Surface enzymes related to soft cheese ripening (at) (A) ..... May 117

Equipment

Aluminum t-bolt hinged closure (e) ..... May *145
Better batching equipment ..... June *79
Discover the unobvious. G. M. Kovac and J. V. Ziemba ..... Sept. *52
Focus on latest equipment ..... Mar. *56
Machine uncaps honeycomb (at) (P) ..... Sept. 106
Mechanical bean harvester (e) ... Aug. *108
⅛-in. atomizing nozzles (e) ..... Mar. 112
Precision pyrolysis unit (i) ..... Oct. 131
10 top aids for better packing .... Dec. *56
20 equipment highlights ..... Jan. *50

Evaporation—New concepts spark evaporation ..... Feb. *68

Evaporator—Pilot plate evaporator (fl) ..... Aug. *109

Extraction—Impulse protein extraction ..... Aug. *54

F

Fermentation Inhibitor—Diethylpyrocarbonate, a unique fermentation inhibitor ..... May 80

Filling—Accurate filling and check-weighing ..... Mar. *65

Filters

Filter paper has activated charcoal (e) ..... Sept. 122
Filter replaces pasteurizer. Frank K. Lawler ..... Dec. *45
Has efficient dust control (dib) ... Jan. 85
Insures syrup purity (dib) ..... Dec. *78
Offers programmed filtration ..... Dec. *96
Replaceable filter pads (e) ..... Jan. *105
Rotating pressure filter (e) ..... Aug. 105
Ups filter performance (e) ..... Nov. 134
Versatile filter-strainer (e) ..... Mar. *123

Filtration—Continuously controls filtration variables (e) ..... Apr. 115

Finances—Area redevelopment—an aid to expansion. Harold D. Brown ..... Mar. *49

Fish

Advances in fishery operations ... Aug. 69
Challenge in seafood (tm) ..... July 53
Fish flour in bread ..... Aug. 70
Fish ham and sausage ..... Aug. 69
Freeze-drying proposed ..... Aug. 69
Holy maquereaux, Andy (pp) .... Aug. *26
Hot sea-dog (pp) ..... Feb. *26
More frozen at sea ..... Aug. 69
New seafood items swell frozens field (pp) ..... Mar. *26
Snails and sardines (pp) ..... Oct. *28
Structure pattern—key to frozen fish denaturation (at) (A) ..... Mar. 94

Flavors

Agent enhances flavor of dairy products (ia) ..... Apr. 127

*Illustrated. (A) Abstract. (e) Equipment. (ed) Editorial. (P) Patents.

Index to Vol. 35, January, 1963 to December, 1963

Flavors, seasonings ..... May 81
Inosinate-guanylate mix ups flavor enhancement (ia) ..... July 118
Lab colloid mill prepares superior locked-in fruit flavors (at) (A) ..... Nov. *103
Liquid smoke flavors (ia) ..... Nov. 140
Solid citrus oil flavors (at) (A) .. Nov. 104

Floors

Fiberglass flooring (sm) ..... June 125
Heavy-duty flooring (sm) ..... July 119
How to select today's floor-cleaning units. J. M. Sassano ..... Apr. *81
Prevents floor erosion (sm) .... Nov. 138
Resurfaces floor without interrupting production (dib) ..... Aug. *89

Flour

Greatest creation since instant coffee (ed) ..... July 33
Unmalted wheat flour yields satisfactory brews (at) (A) ..... Apr. 95

Flowmeters

Flow meter compensates for liquid viscosity (e) ..... Apr. *124
Flow totalizer offers continuous integration (e) ..... Oct. 125
Magnetic flowmeter ..... Jan. *91
Meter's simplicity ups performance (e) ..... Dec. *100

Foam-Mat Drying

Continuous foam-mat dryer produces 200 lb/hr (e) ..... Feb. *111
Foam-mat progress ..... Feb. 76
Producing foams for foam-mat drying (at) (A) ..... Dec. 88

Foam-Spray Drying — Foam-spray drying of cheddar cheese slurries (at) (A) ..... Oct. 101

Food Engineering Reports

Accurate filling and check-weighing ..... Mar. *65
Advances in food engineering outside the U.S.A. ..... Aug. *39
Batching and mixing ..... June *75
Ingredients ..... May *79
Key personnel: finding, training, keeping ..... July *73
Materials Handling ..... Jan. *65
Moisture removal ..... Feb. *63
New plastic containers ..... Sept. *79
New product and package R&D .. Nov. *77
Plant and equipment maintenance ..... Dec. *63
Sanitation ..... Apr. *69

Foreign Foods—Expands line of oriental food mixes (pp) ..... Aug. *27

Forming

Cooler-extruder forms cooked starches and doughs (e) ..... July *110
Rapidly molds meat, fish (e) .... Dec. *102

Formulation—Formulation becomes simpler . . . faster . . . more economical ..... Dec. 91

Freeze-Concentration — Concentration by freezing ..... Feb. 75

Freeze-Drying

Adds two freeze-drieds, shrimp and mushrooms (pp) ..... Nov. *28
Answers to freeze-dry questions—part I ..... Apr. *50
Answers to freeze-dry questions—part II ..... May 70
Deterioration studies on stored freeze-dried beef (at) (A) .... Apr. 97
Freeze-drying: with or without vacuum. John P. O'Meara .... Sept. 55
Freeze-drying without vacuum. H. Teynham Woodward ..... June *96
New approach to freeze-drying. John V. Ziemba (charts). ..... Mar. *41
Precision freeze-dryer (fl) ..... Apr. *126
Put freeze-drying into proper perspective (ed) ..... Nov. 39
Status of freeze-drying around the world (table) ..... Feb. 66
U. S. freeze-dryer in Sweden .. Nov. *54
Versatile freeze-dryer has built-in scale (fl) ..... Jan. *106
Volatiles in flavors of foods for freeze-drying (at) (A) ..... July 97
What's coming in freeze-drying .. Feb. *64
Who offers freeze-dried ingredients. John H. Nair ..... May *120

Freezing

Compact continuous freezer ..... Jan. *50
Fluidizing freezer ..... Aug. 50
Frozen stick-confection unit (e) .. May *153
Low-temperature ice cream freezing. Robert L. Smith (charts) .. Mar. 85
Sectional freezer cuts costs ..... Oct. *110
Structure pattern—key to frozen fish denaturation (at) (A) .... Mar. 94
Vertical plate freezer cuts costs .. Aug. *50

Frozen Foods

Adds frozen shortcake (pp) ..... Dec. *26
Campbells unveils frozen 3-course dinner (pp) ..... Jan. *26
Feeder turns packer with heat-and-eat line (pp) ..... Nov. *28
Frozen baked goods make stronger bid ..... Jan. *48
Frozen stuffed leaves (pp) ..... Aug. *26
Improved fruit pies (pp) ..... Feb. *27
New line, new package (pp) .... Aug. *27
Slice 'n serve turkey, frozen in 'ham' can (pp) ..... Dec. *27
Super convenience: frozen parfait cakes (pp) ..... July *26

Fruits

Chunky fruit treats (pp) ..... Sept. *32
Factors affecting rind breakdown of citrus fruits (at) (A) ..... Sept. *105
Fruit storage ..... Aug. 78
New fruit techniques ..... Aug. 78
Softening of brined fruit (at) (A) June 104

G

Gages

Gages tank contents (e) ..... May *152
Humidity sensor ..... Jan. *90
Interior dimension of cartons easily measured (pi) ..... Feb. 60
Liquid level gage (e) ..... Dec. *107
On-stream density gage (e) ..... Oct. *118
Sanitary pressure gage (e) ..... Aug. *104
2 flow gages ..... Nov. *98
Ultrasonic level gage (e) ..... Nov. *130

Gases—Storage gases increase produce-holding time (e) ..... Apr. 114

Gums—Water-soluble gums ..... May 85

Gun-Puffing—Speeds moisture removal ..... Feb. 77

H

Heat Exchangers

Tubular heat exchanger for heating and cooling of fluids ..... Jan. *52
Two processing units for viscuous materials. H. S. Bondi ..... Mar. 51

Heat Processing

Asceptic fluid milk process ..... Aug. 48
Asceptic milk process ..... Aug. 48
Heats 500,000-gal tanks (dib) .. June 93
Keeps milk fresh 30 days .... Aug. 48
3-man process line ..... Aug. 48

Heaters

Efficient pipeline heater (sm) .. Oct. *132
Heats plant electrically (dib) .... Oct. *89
Solves hot-water problem (dib) .. May 99
Steam jet heaters (pi) ..... July 69
Steam-injection heater ..... Mar. *59
Versatile water heater (e) ..... Apr. *117

Heating

Electric heating elements (e) .. May *150
Radiation-conducted oven (e) .. Dec. 105
Refrigeration-heating unit (e) ... Nov. *130
Speeds safe thawing of drums (e) Nov. *126

Homogenizing

Grinds, homogenizes in one step (e) ..... May *138
Mixer converts quickly to homogenizer (e) ..... May *148

Hoses

Food-handling hoses (e) ..... Sept. 127
Non-toxic rubber hose is flexible, light (e) ..... May *151

Humidity—Portable humidity indicator (e) ..... Sept. *135

Hydrogenizing—Simplifies hydrogenation ..... Nov. *120

I

Ice Cream

Low-temperature ice cream freezing. Robert L. Smith (charts) .. Mar. 85
Poly-packed ice cream roll (pp) Feb. *27

Icing—Solves icing problems (ia) .. Mar. 126

Ingredients

Advantages of using lactase in breadmaking (at) (A) ..... Jan. 93
Better world nutrition ..... Aug. 42
Butter powder ..... Aug. 43
Cottage-cheese stabilizer (ia) .... Oct. 133
Formulation becomes simpler ... faster ... more economical .... Dec. 91
Fumaric acid ..... May 86
Ingredient report ..... May *79
Ingredient switch cuts costs. W. A. Adamsen ..... May *89
Japanese flavorings ..... Aug. 43
Microcrystalline cellulose ..... May 86
New salt is FDA-approved (ia) .. Jan. *109
Petroleum proteins ..... Aug. 43
Preserving food with PKE (at) (A) ..... Aug. 92
Prevents turbidity ..... Aug. 43
Protein enrichers studied ..... Aug. 43
Simulates gum arabic (ia) ..... Oct. 133
Synthetic water-soluble gum resists heat, salts (ia) ..... Apr. 127
Water-white lactic acid ..... May 83
Wet milled spices offer improved flavor, stability (ia) ..... Jan. 109
What's new in ingredients ..... May 80
Who offers freeze-dried ingredients. John H. Nair ..... May *120

Insecticides

Aerosol insecticide (sm) ..... Sept. 139
Insecticide contains bacterial spores (ia) ..... Aug. 111
Insecticides get new tolerance, registration (ia) ..... Oct. 133
Spots insecticide traces in milk and butter (at) (A) ..... July 98
Tests of insecticide spray on spices stored in bags (at) (A) Apr. 96

Instants

Instant chow mein (pp) ..... Sept. *32
Instant milk powder ..... Aug. *53

Instrumentation

Instrumentation ..... Dec. 69
System checks flow through HTST units (pi) ..... July *69

Instruments

Atomic absorption and flame spectrometer (fl) ..... Nov. 137
Automates titration (fl) ..... June *124
Curbs explosion hazard (e) ..... Feb. *104
Curbs parallax error (e) ..... June *121
Dials for process data (dib) ..... Sept. *95
Fira-Nird extruder ..... Aug. *49
For color monitoring (e) ..... July *108
Gages grain moisture (e) ..... Mar. *121
Gages pellet strength (fl) ..... Feb. 112
Has integral rectifier (e) ..... July *114
Measures fish freshness ..... Aug. 48
Monitors dust control (sm) .... Dec. *109
NMR unit ..... July *102
Offers easier re-inking (e) ..... Dec. *105
Pressure transmitter offers process isolation (e). ..... May *150
Ratio flurometer ..... July *103
Records grain moisture (e) ..... Apr. 120
Solids flow tester (e) ..... Mar. *120
Tests dough ingredients (fl) .. Mar. *124
Viscometer ..... Aug. *49
Void case ejector (e) ..... Feb. *105

International Food Laws

International organizations ..... Aug. 59
National food regulations ..... Aug. 60

Irradiation

AEC erects irradiation pilot-plant Oct. *108
European research ..... Aug. 45
Gamma rays vs pasteurization .... Aug. 44
Gas plasma irradiation of brown rice and bran (at) (A) ..... Dec. 88
Irradiates potatoes commercially Aug. 44
Irradiation of pork sausage (at) (A) ..... May 118
Reawaken to irradiation challenge —cautiously (ed) ..... Apr. 33

J

Juice

Juice crystals ..... May 86
Lemon juice improves foods. L. C. Gallagher ..... May *94
Orange juice composition, natural vs processed (at) (A) ..... Nov. 103
Pimaricin effective in retarding spoilage of fresh orange juice (at) (A) ..... Oct. *101

L

Labor

Eliminates downtime (pi) ..... Mar. 62
More output per manhour (tm) .. July 53

Laboratories

Armour builds lab on a budget .. Oct. *45
Effective removal of gas samples from hermetically-sealed containers (at) (A) ..... June *103
New labs being built ..... Oct. *69
Stange's multi-lab spurs R&D .. Oct. *66

Law and Legislation

Actions on many fronts face industry (ed) ..... Feb. 33
Offers new legal service (tm) .... Oct. 61

Leasing—Equipment leasing. John V. Ziemba ..... Feb. *39

Level Controls

Level-measuring system ..... Nov. *99
Proximity-type level control (e) .. Dec. *106

Lift Trucks

Attachments adapt lift trucks to unusual jobs (pi) ..... June *69
Centering device insures load stability (pi) ..... Mar. *61
Fast-lifting fork trucks (e) .... Aug. 107
High-performance unit (e) .... Sept. *128
Latest industrial trucks ..... Jan. *66
Motorized hand truck (e) ..... Mar. *124
Narrow-aisle lift truck (e) ..... Nov. *134
Numbers on truck mast speed precise stacking (pi) ..... Feb. *59
Push-pull unit for palletless handling (e) ..... Nov. *126
Simplifies drum handling (e) .... May *148
6 new lift trucks ..... Aug. *87
Speeds, eases handling (dib) .... June *94
3,000-lb-capacity pallet hand truck (e) ..... Mar. *154
Versatile lift truck (e) ..... Mar. *126

Liquid Nitrogen

Container is refrigerated with liquid nitrogen (e) ..... Sept. *133
Liquid-nitrogen system (e) ..... Feb. 101

Lubrication

Automatic lubrication system (sm) Oct. 132
Low-foaming chain lube (sm) .. Feb. 114
Rotating lube brush (sm) ..... Sept. 139
Simplifies lubrication (pi) ..... Oct. 70

M

Macaroni

Plant—Small but sophisticated ..Oct. *96
Unique-A-Roni (pp) .....Mar. *27

Maintenance

Accurate pipe threader (sm) ....June 125
Adapter joint for glass lines (e) May *145
Bonding kit for Teflon (sm) .....Oct. 132
Curbs explosion hazard (e) .....Feb. *104
Cuts motor maintenance (dib) ..June 93
High-pressure clamp (e) .....Mar. *112
How to maintain your compressed air system—Part II. Don W. Benner .....Feb. *56
Maintenance of process instruments .....Sept. *65
Plant and equipment maintenance .....Dec. *63
7 new ways to manage maintenance .....Dec. *64
Steel safety grating (sm) .....July 119
Stop wasting steam! .....Sept. *68
Swivel-jaw nut splitter (sm) ..Nov. 138
Teflon bearings (e) .....Oct. *123
Teflon CIP gaskets (e) .....Oct. 128
Teflon oil seal (sm) .....Aug. *110
Tightens maintenance control (tm) .....May 69
Tips on maintenance .....Dec. *68
Training personnel—for equipment maintenance .....Dec. 74
Unique seal cuts replacement time (e) .....Dec. *100
Ups motor output 24%, cuts maintenance 75% (pi) .....Sept. *72
Water-treatment system controls scale, corrosion (sm) .....Aug. 110

Management

Abolishes committees (tm) .....Nov. 53
Actions on many fronts face industry (ed) .....Feb. 33
Adopts one-world management (tm) .....Dec. 53
Better training technique (tm) ..June 57
Big achievement in built-in convenience (ed) .....Sept. 43
Canners achieve phenomenal safety record (ed) .....May 47
Common Market in perspective (tm) .....June 57
Common Market will survive but will be tougher (ed) .....Mar. 33
Contract security .....Mar. *98
Decision making is art (tm) ....Mar. 53
Don't be "proud but poor" (tm) July 53
Don't fiddle while packaging freedom burns (ed) .....Mar. 33
Double-check your processes and controls (ed) .....Dec. 39
11 questions for your mirror (tm) June 57
Executives must sell change (tm) Jan. 55
Face up to your endless frontiers (ed) .....June 43
Fast-reading report (tm) .....Oct. 61
Feasibility studies. Richard D. Kornblum .....Sept. *60
Five steps to sanitation (tm) ....Feb. 51
Heinz has operating committee (tm) .....Oct. 61
How small can cooperate (tm) ..Nov. 53
Improves management on the job (tm) .....Sept. 59
It is imperative (tm) .....Jan. 55
It takes food industry to feed hungry world (ed) .....Aug. *35
Keeping your talent. Richard D. Kornblum .....July *82
Key personnel: finding, training, keeping .....July *73
Lists TR director's duties (tm) ..Dec. 53
Looks to soup for growth (tm) ..Apr. 55
Management ups sanitarian (tm)..Oct. 61
Meat management changes (tm) . Feb. 51
Model management course (tm) ..Mar. 53
Plan "leaving-off" points (tm) ....May 69
Q's and A's for employees (tm) ..Apr. 55
Sets career-day pattern (tm) ....May 69
7 new ways to manage maintenance .....Dec. *64
Sharper management practices (tm) .....Jan. 55
Simulate your way to sound decisions. A. Glickstein, E. M. Babb, C. E. French and J. H. Greene .....June *85
Solve tough problems with new math. Richard D. Kornblum (chart) .....Apr. *47
Story of free enterprise (tm) ....Sept. 59
Successful GF strategies (tm) ....June 57
Summons from FDA. T. L. Hug6 Dec. *41
They build for a better future (ed) Oct. 43
They're telling employees (tm) ..July 53
Tightens maintenance control (tm) May 69
Tips from GMA meeting (tm) ..Aug. 82
To look good, be good (tm) ....May 69
Train execs to listen (tm) .....Apr. 55
Traits of good new product (tm) Apr. 55
Why technical papers pay (tm) ..Aug. 82
Work simplification. W. A. Schumacher and J. V. Ziemba ....Nov. *41
Work simplification simplified (tm) .....Jan. 55

Manpower

Finding qualified manpower ..July *74
Keeping your talent. Richard D. Kornblum .....July *82

Margarine—Fat crystallizing effect on texture of margarine (at) (A) .....Dec. 87

Marketing—Provides industrial service (tm) .....July 53

Materials Handling

Battery-powered carrier (e) ....Nov. *131
Case-flow system spurs dairy's output .....Jan. *68
Curbs cargo damage (e) .....Dec. *103
11 new $-saving material handlers .....Aug. *86
General Mills switches to paperboard sheets (pi) .....May *77
Guards rail shipments (dib) ....May *99
Insures tablet uniformity with vibrating feeders (dib) .....Sept. *95
Magnetic take-off (e) .....Oct. *126
Materials handling (report) ....Jan. *65
Newest way to bulk ship 'drys' Feb. *48
Portable reclaiming auger (e) ..Nov. *131
Simplifies filter-aid handling. C. A. Cocks .....Dec. *79
Speeds bin discharge (e) .....Sept. *129
Speeds hopper discharge (pi) ..Aug. 85
Syrup handling automated. Gene Syverson and John V. Ziemba ..Feb. *94
System unloads, washes grain; then dries grain and car (e) ....July *107
3-way line diverter (e) .....Sept. *135
Tips on bulk handling, storage of chocolate (pi) .....Nov. 69
Trailer's load spacers curb bottle breakage (pi) .....May *77
Unloads sugar by the car (dib) Feb. *82
Ups handling efficiency (dib) ....Sept. 95
Waste prevention saves two ways (pi) .....June 69

Meat

Agents improve curing (ia) .....Nov. 140
Blueing of canned crab meat ....Aug. 74
Canned outdoor cooking (pp) ....Jan. *26
Deterioration studies on stored freeze-dried beef (at) (A) ....Apr. 97
Doubles production (dib) .....Feb. *81
Lunch meat packed in reclosable unit (pp) .....Mar. 28
Method for nitrite, nitrate in cured meats (at) (A) .....June 103
New "Bounty" launched (pp) ..Apr. *26
Packers put innovations to work Aug. 73
Poultry progress .....Aug. 74
Pre slaughter injection tenderizes AFD meat (at) (A) .....Dec. 88
Pre-cooked bacon (pp) .....Feb. *26
Purveyor goes retail, packs meat with spices (pp) .....Apr. *26
Ready-to-eat franks (pp) .....Apr. *26
Slice 'n serve turkey, frozen in 'ham' can (pp) .....Dec. *27
Steams nutrients from bones ..Aug. 74
Unique vac-pak technique (ppo) ..Apr. 29
Unit measures cooked-meat tenderness (at) (A) .....Apr. *95
Why canned crab meat browns ..Aug. 75

Meters

Diffraction grating covers visible, UV range (ff) .....May *154
Meter has magnetic drive (e) ....Aug. *103
New viscometer used for chocolate flow properties (at) (A) .....Jan. 94

Milk

Cools milk to 34F (dib) .....June *93
Effect of heating milk prior to foam-drying (at) (A) .....Mar. 94
Foremost crystals go down under (pp) .....Feb. *26
Gelation retarded in HTST sterile milk concentrates (at) (A) Aug. 92
Home milk dispenser (pp) ....Mar. *26
Permeability method determines surface areas of milk powders (at) (A) .....Aug. *91
Standardizes milk automatically. J. L. Newcomer (charts) ...Mar. 54
Streamlines dairy processing. J. A. Miller .....Nov. *91

Mills—Impact mills provide better starch recovery. Harold Adams and J. 'Ted' Felix ....Feb. *47

Mixers

Air jets clean ribbon blender automatically (e) .....Mar. *120
Efficient square mixer saves space (e) .....Dec. *101
Has special shaft seal (e) .....Aug. *105
Mixer's blending choppers (e) ....Feb. *105

Mixing

Automated mixing .....June *85
Batching and mixing .....June *75
Performance data cited (e) .....Sept. *127

Moisture Removal

Europe tests continuous freeze-drying .....Aug. 45
Experimental spray freeze-drying Aug. 46
Innovations in drying .....Aug. 46
Liquid freeze-dryer .....Aug. 46
New products for restaurants ..Aug. 46
Pilot plant installed .....Aug. 46
Ring dryer .....Aug. 46
Rising-falling film evaporator ....Aug. 46
Sun drying of grapes .....Aug. 46

N

New Food Plants

New plants going up .....Oct. *62
Why put plant in food center ..Oct. *72

New Products

Borden unveils new breed of products (pp) .....Dec. *27
Comminuted citrus fruit .....Aug. 41
Comminutes fruit drink .....Aug. 40
Dehydrated fish and potato mixtures .....Aug. 41
Devastating delicacy .....Aug. 40
Instant gelling agent .....Aug. 40
Instant jelly .....Aug. 40
Milk substitute .....Aug. 40
Pool research funds .....Aug. 46

O

Oils and Fats

Bleaching cottonseed oils with alumina—cost study (at) (A) Aug. 91
Cost of commercially producing linoleic acid from safflower oil (at) (A) .....July *97
Imitation lemon oil (ia) .....Sept. 140
NMR for determining oil content of seeds (at) (A) .....Oct. 102
Processing and oil quality (at) (A) .....June 104
Progress in fat and oil tech ology .....Aug. 68
Pumpable shortenings .....Aug. 69
Test with light measures stability of edible oils (at) (A) .....Nov. 104
Unique oil process .....Aug. *68

P

Package Control—Checks container height (e) .....Apr. *120

Packaging Equipment

Baggers

Pouch former-filler-sealer .....June *58
Productive capacity of pouch former-filler .....June *58
Two-tube weigh-form-fill machine June *58
Versatile pouch former-filler .. ..June *58

Batchers — Automatic batch-builder for variety of liquids..Jan. *52

Bundlers — Compression bundler cuts costs (e) .....Dec. *101

Cartoners

High-speed cartoner automates packaging of fragile items (e) ..Jan. *104
Semi-automatic cartoner .....Nov. 50
2 cartoners .....Nov. *50

Casers

Case packer .....Nov. *50
Integrated casers .....Nov... 50
Unique case-packaging line forms, fills, seals 1,000 hr (e) .....Mar. *108

Checkweighers

Automatic checkweigher .....Dec. *57
Checkweigher automatically han-dles up to 240 items per min ....Dec. *57
Checkweigher handles cans and jars (e) .....July *116
Feedback unit .....June *58
New checkweighers protect you ..Mar. *69
Problem-solving case histories ....Mar. 78
240-per-min checkweigher (e)....July *110

Closers

Forms, fills, closes bags (e) ....Dec. *103
4 bag, carton closers .....Nov. *49

Coders — Improves bag coding (dib) .....Dec. 77

Feeders—Twin-screw auger feed and pump .....Nov. 50

Fillers

Boosts fill accuracy (dib) .....Dec. *78
Compact unit fills .....Jan. *51
Cuts product give-away (dib) ....Aug. *89
Fills 55-gal drum quickly (e) .....May 152
Fluid foods go bulk—part I. John V. Ziemba .....Nov. *46
Fluid foods go bulk—part II. John V. Ziemba .....Dec. *48
Form-and-fill machine .....Jan. *51
Forms, fills, closes bags (e) .... Dec. *103
14-station rotary piston filler ....Mar. *57
Improves weight-form-fill packaging (e) .....Feb. *101
New blanking-forming unit .....June *59
New fillers sharpen accuracy ....Mar. *66
Offers contract packaging (ppo) ..Feb. 31
Polyethylene bag opener-filler ....June *61
Portable filler for cones .....Jan. *51
Precise vibrating feeder (e) .....Apr. *116
Precision valve packer (e) .....Feb. *102
Semi-automatic unit fills and seals .....June *59
Thermoform pouch packer fills and seals .....Nov. *48
3 fillers .....Nov. *49
3-function aerosol filler (e) .....July *113
Two processing units for viscous materials. H. S. Bondi .....Mar. *51
Two-head unit .....Nov. *48
Two-stage bag filler (e) .....Mar. *121
Ups packaging efficiency (dib) ...July *88
Vacuum-packing coffee .....Aug. 42
Versatile filler .....Jan. *50

Formers

Bag maker .....Nov. 50
Box former-sealer .....June *61
Case former improves packing ....May *53
Collator-inverter for round pint containers .....Jan. *51
Combination unit .....June *61
Form-and-fill machine .....Jan. *51
Forms, fills, closes bags (e) .....Dec. *103
Forms 1,000 composite cans per min (e) .....Sept. *123

*Illustrated. (A) Abstract. (e) Equipment. (ed) Editorial. (P) Patents.

Index to Vol. 35, January, 1963 to December, 1963

Improves weigh-form-fill packaging (e) ..... Feb. *101
In-plant system speeds molding of plastic bottles (e) ..... Jan. *105
Offers contract packaging (ppo) .. Feb. 31
Pattymaster machine ..... Dec. *56
Portable box former and sealer .. Jan. *51
Top former (e) ..... May *146
Tubeless former ..... Nov. *48
Two-tube machine forms bags ... Nov. *48

General

Changes are coming (ppo) ..... Nov. 33
Form your own plastic trays. G. L. Bordewyk and T. F. Peterson . July *46
Lowers costs with continuous chip bagging. John V. Ziemba ..... July *94
Maintenance of packaging equipment ..... Dec. 70
Makes own bottle caps (dib) ..... May 99
Offset spray solves foil-carton problem (pi) ..... Feb. *59
30 new machines for better packaging ..... Nov. *48
29 new machines to aid packagers. June *58

Labelers

Battery of tandem-operated pressure-sensitive label applicators . June *59
Comes electrostatic labeling (ppo) ..... Aug. 33
Label dispenser ..... June *59
Label imprinter ..... Nov. 50
Paperless labeling ..... Aug. 42
Speeds box sealing (dib) ..... Aug. 89
System speeds coding (e) ..... Nov. *131

Packers

Automatic case set-up packer-sealer ..... June *60
Die closer-lidder ..... June *61
Easily-operated unit ..... June *60
End-loading case packer (e) .... Mar. *114
Packs 1,000 biscuits per min (ppo). July 31
Six-packs bottles and cans at 140 per min (e) ..... Feb. *102
Speeds shrink-packaging (e) .... Nov. *132
Wonderpak packaging system .... June *60

Pouchers

Econ-o-matic packaging system .. Dec. *56
Pouch packer offers speed, versatility (e) ..... Dec. *101
Pouchmaker for liquids ..... Nov. 50

Sealers

Adhesive applicator cuts carton-closing costs (pi) ..... Aug. *85
Automatic case set-up packer-sealer ..... June *60
Automatic taper ..... June *60
Box former-sealer ..... June *61
Compact heat sealer's system .... June *59
Die closer-lidder ..... June *61
Flexible taper ..... June *60
Four-side sealer ..... Nov. *48
Heat-sealing system ..... Nov. 50
Hot-melt applicator ..... June *59
New blanking-forming unit ..... June *59
Offers contract packaging (ppo) .. Feb. 31
Portable box former and sealer .. Jan. *51
Seals bags with high-temperature air (e) ..... Dec. *100
Seals carton without adhesive (ppo) ..... Sept. 37
Seals cost-cutting convenience package (e) ..... Apr. *114
Semi-automatic unit fills and seals. June *59
Thermoform pouch packer fills and seals ..... Nov. *48
Twist-ties plastic bags (e) ..... Mar. *122
Vacuum packing pointers (ppo) .. June 41
Wonderpak packaging system ... June *60

Trimmers—Rapidly trims produce (e) ..... Feb. *102

Weighers—2 net weighers ..... Nov. *51

Wrappers

Look-pak unit bands twin 5-packs. Dec. *56
Lunchpak machine ..... Dec. *56
Soft-film packager overwraps cartons and trays ..... Nov. 50
2 wrappers ..... Nov. *50
Ups production 5-fold (dib) ..... Mar. *81
Vacuum-packaging machine ..... Dec. *56
Wraps 150 units per min (e) ..... Dec. 106

Packaging Materials

Adhesives

Cure for delamination (ppo) ..... Feb. 31
Micro-bubbles burst in glue (ppo) .. Oct. 33
New adhesive for instant bonding (ppo) ..... Jan. 33
Preapplied adhesive (ppo) ..... Nov. 33
Tailors adhesion to order (ppo) .. Feb. 31

Aerosols—Pressure-packs cheese spreads (pp) ..... May *33

Aluminum

New diet drink has all aluminum can (pp) ..... Dec. *27
Rigid foil containers. Ramon G. Gaulke ..... Apr. *58

Bags

Boilable bags ..... Aug. 42
Improves multiwall bags (e) .... Dec. 102
Pastel bags (pp) ..... Feb. *27
Slim coffee bag (pp) ..... Oct. *29

Cartons

Corn meal dispenser (pp) ..... Sept. *33
4-in-1 bulk carton. A. N. Prater .. Dec. *82
Full-color pictorial cartons (pp) .. Nov. *30
Image-building packaging (pp) ... July *27
Institutional pack by Booth is 4-color (pp) ..... Jan. *27
Look-alike packaging (pp) ..... Nov. *28
New carton design (pp) ..... Sept. *33
Personalized touch in egg cartons (pp) ..... Apr. *27
Store redesigns home bulk-packs (pp) ..... Jan. *27

Cases—Polyethylene milk case (e). Oct. 128

Cellophane—Cellophane tear-strip for PVC film (ppo) ..... Nov. 33

Closures

Caps fruit pack (pp) ..... July *27
Easy-open can (pp) ..... Apr. *26
Insert guards freshness (pp) .... July *27
Resealable coffee can (pp) ..... July *26
Rip-strip package (pp) ..... May *33

Containers

Dual design line (pp) ..... Oct. *29
Edible food container (pp) ..... Aug. *26
Fish fry basket (pp) ..... Sept. *32
Heavy-duty virgin polyethylene container (ppo) ..... Jan. 33
Home milk dispenser (pp) ..... Mar. *26
Improves portion packaging. John V. Ziemba ..... Dec. *59
Lunch meat packed in reclosable unit (pp) ..... Mar. 28
New multi-pak uses fiberboard carrier (ppo) ..... Jan. 33
New plastic containers ..... Sept. *79
Plastic bottle for fruit drinks (pp) ..... Jan. *26
Please take me to your refrigerator (pp) ..... Dec. *26
Potato 4-pack (pp) ..... Mar. *27
Rigid foil containers. Ramon G. Gaulke ..... Apr. *58
Self-opening can finally marketed (pp) ..... Mar. *27
Table server for sugar (pp) ..... June *32
Thermo-formed containers ..... Aug. 42
Wines are "bulked" ..... Aug. 42

General

Innovations in materials (ppo) ... Aug. 33
Introduce new materials (ppo) ... May 43
New packages and products

Jan. *26	Feb. *26	Mar.	*26
Apr. *26	May *32	June	*32
July *26	Aug. *26	Sept.	*32
Oct. *28	Nov. *28	Dec.	*26

Supports packaging credo (ppo) .. May 43
Ultra-pak individual-portion packages (ppo) ..... Nov. 33
What consumers don't like (ppo) . Dec. 33
What's new for packaging (ppo) .. Sept. 37
What's new in materials (ppo) . July 31

Glass

All thumbs (pp) ..... May *33
Disposable beer stein (pp) ..... Feb. *26
Dressing bottle with unusual design (pp) ..... Nov. *28
Foods gain in glass (ppo) ..... July 31
Gerber goes to all glass (ppo) .... Oct. 33
Gourmet line in debut (pp) ..... Nov. *29
Larger size (pp) ..... Oct. *28
Microbiological aspects of one-trip glass bottles (at) (A) ..... Mar. 93
More compact bottle (pp) ..... Apr. *27
Replaces squat jar (pp) ..... Dec. *28
Round-shouldered jar (pp) ..... Oct. *29
Wide-open pickle jar (pp) ..... Jan. *27

Labels

Armour profits from mistake (ppo) ..... June 41
Changes label (pp) ..... Sept. *33
Color-coded labels (pp) ..... Apr. *27
New product, image (pp) ..... June *33
Puts impact into 25 labels (ppo) .. Dec. 33
Stop-light labels (pp) ..... Sept. *34

Metals

Europeans squeeze foods (ppo) ... Jan. 33
Highly ductile thin tinplate (ppo) ..... Jan. 33
Innovations coming in steel (ppo) Dec. 33
Pre-gift wine wrap (pp) ..... Nov. *29
Self-opening can finally marketed (pp) ..... Mar. *27
Trends in tin plate (ppo) ..... Mar. 31

Multipacks—Home beer dispenser (pp) ..... Dec. *26

Papers

Cold-sealed papers ..... Aug. 42
PVC emulsion-coated papers ..... Aug. 42

Plastics

Better hard candy bag (ppo) .... Oct. 33
Biaxially oriented polypropylene (ppo) ..... Jan. 33
Blow-molded container (pp) ..... Oct. *30
Double-wound wrap (ppo) ..... Nov. 33
Film shrinks in oven, speeds cooking time (pp) ..... Mar. *27
Finds answers to leakers (ppo) .. Feb. 31
Fluid foods go bulk—part II. John V. Ziemba ..... Dec. *48
High-luster, strong film (ppo) ... Nov. 33
High-performance poly wrapper (ppo) ..... Sept. 37
Improves portion packaging. John V. Ziemba ..... Dec. *59
Innovations in materials (ppo) ... Nov. 33
Lunch meat packed in reclosable unit (pp) ..... Mar. 28
Machineability of saran (ppo) .... Nov. 33
Make plastic bottles in plant .... Aug. *41
New films, new challenges (ppo) .. June 41
New plastic bottle (pp) ..... July *27
New plastic containers ..... Sept. *79
Nylon-polyethylene laminate (ppo) ..... Nov. 33
"Only vacuum package for meats ..." (ppo) ..... Nov. 33
Plastic bottle for fruit drinks (pp) ..... Jan. *26
Plastic bottles ..... Aug. *41
Plastics pace innovations in packaging materials ..... June *64
Please take me to your refrigerator (pp) ..... Dec. *26
Poly-packed ice cream roll (pp) .. Feb. *27
Prune packers like mylar (ppo) .. Mar. 31
Ready-cook turkey (pp) ..... Apr. *26
Seamless plastics liner guards product quality (e) ..... Feb. *109
6-pack doubles as wine cellar (pp) Jan. *26
The last straw (pp) ..... June *32
Unique vac-pak technique (ppo) .. Apr. 29
What's coming in plastics (ppo) .. May 43

Pouches

A "rigid pouch" that "acts like a carton" (ppo) ..... Nov. 33
Boil-in-bag pros and cons (ppo) .. June 41
Bulk french fries for retail trade (pp) ..... Feb. *27
Flexible pouches can now be reclosed (ppo) ..... Jan. 33
Gas packaging in pouches ..... Aug. 42
Package change (pp) ..... Oct. *29
Pre-brewed coffee (pp) ..... Jan. *27
Sharp cheese, blunt package (pp) . July *26

Shipping Containers

Bulk shipper cuts costs ..... Dec. *98
Saves carton material (ppo) .... Feb. 31

Strapping

Non-metallic strapping (e) ..... July *114
Resilient nylon strapping (e) .... Feb. 102

Tubes

Europeans squeeze foods (ppo) .. Jan. 33
Uses collapsibles for cheese spreads (pp) ..... Nov. *29

Palletization

Collapsible wooden pallet boxes (e) ..... Aug. *107
Mechanized palletloader. Phil Hirsch ..... Jan. *76
Pallet loads glide on air (e) ..... Apr. *123
Palletization . . . or . . . palletless handling? S. W. Clauson .. Jan. *72
Palletized loads moved on air .... Jan. *67
Pallets aren't enough—you must unitize. John H. Bates ..... June *49
Unitized shipments gain. Frank K. Lawler ..... Apr. *56

Depalletizers

Empty-can depalletizer ..... Mar. *56
Full-can depalletizer ..... Mar. *56
Glass-container depalletizer ..... Jan. 65

Palletizers

Heavy-duty mechanically operated case palletizer ..... Jan. *51
Programmed palletizer ..... Jan. 65
Solves palletizer problem (dib) .. Dec. 77
Suction-lift palletizer ..... Jan. 65

Peanuts

Defatted peanuts: preliminary cost study (at) (A) ..... Jan. 93
New product, image (pp) ..... June *32

Peeling

Flume peeler cuts costs ..... Aug. 53
Peels with infrared ..... Aug. *53

Pest Control

Curbs boxcar infestation. R. Griggs ..... Feb. *91
Extends pesticide use (ia) ..... July 118
Flavored rodenticide (sm) ..... Feb. 114
3 simple steps control rodents. T. E. St. Aubin ..... Jan. *56
Ultrasonics routs rodents (sm) .... Dec. *109

Photoelectric Controls

Detects unlabeled cans (pi) ..... Apr. 64
Photoelectric device (e) ..... Oct. *125
Photoelectric sorter ..... Mar. *57

Pitter—Olive pitter curbs coring waste (e) ..... Apr. *118

Pizza—Do-it-yourself pizza flavoring (pp) ..... May *33

Potatoes

Bulk french fries for retail trade (pp) ..... Feb. *27
Cuts potato-baking time (dib) ... Mar. 82
Discoloration in potatoes (at) (A). Feb. 90
Potato 4-pack (pp) ..... Mar. *27
Quick-cooking dehydrated sweet potatoes. John F. Sullivan, James Cording, Jr., and Roderick K. Eskew ..... Nov. *59
Relation of iron content and potato blackening (at) (A) .... Dec. 87
Shoestring potato (pp) ..... Sept. *33

Poultry — New methods improve poultry evisceration (pi) ..... Mar. 61

Preservation — Food preservation by . . . radiation. Samuel A. Goldblith ..... May *49

Preservatives—Modified sorbic acid better fungal inhibitor (at) (A) .. Dec. 88

Presses—Pneumatic meat press (e) .. Oct. 131

Printing

Imprinting attachment (e) ..... May *145

Imprints continuous web (e) ....Aug. *108
In-line attachment rotogravure-prints while packaging .....June *61
In-line opaque printer (e) .....Apr. *124
Obliterating ink permits reuse of printed cartons (e) .....Aug. 104
Prints electrostatically (e) .....June *122

Process Calculations — Calculates process steam (pi) .....Jan. 61

Process Control—17 new instruments for process control ..... Nov. *98

Processing

Air jet aids de-panning (pi) .....June *69
Aseptic starter processor .....Jan. *52
Dewaters leafy produce (e) .....Jan. *105
Doubles production (dib) .....Feb. *81
Processing and oil quality (at) (A) .....June 104
Streamlines dairy processing. J. A. Miller .....Nov. *94
Turkey processing costs related to plant size (at) (A) .. ..Nov. 104
Vacuum processing .....Sept. *45

Processing Equipment

Efficient breading unit (e) .....May *138
Improves margarine (e) .....Oct. 115
Performance data cited (e) ...Sept. *127
Stuffs and processes 1,500 lb of franks per hr (e) .....June *118
Vertical cheesemaker .....Jan. 50

Proteins

Offers low-cost enrichment .....Nov. *114
Protein colloids (ia) .....Sept. 140
Purified soy protein .....May 80
Purified soy protein .....May 86

Pumps

Cuts pump-maintenance costs. A. F. Ziehm .....Feb. *86
Has no check valves (e) .....Jan. *105
High-vacuum pumps (fl) .....Aug. 109
Offers advanced design (e) .....Aug. *102
Offers easy maintenance (e) .....May *140
Pumps dry powders (e) .....Apr. *118
Pumps simplify cleaning (sm) ....May *156
Sanitary pump accurately meters .Dec. *57
Sanitary pump offers pulse-free operation (e) .....June *120
Simple sanitary pump (e) .....Feb. *104
Stainless sanitary pump is easily cleaned (e) .....July *110
Ups handling efficiency (dib) ....Sept. 95

Q

Quality Control

Adapts chromatographic analyzer to one-line control (e) .....May *135
For improved quality control ....July *102
Quality auditing. John Heiss ..July 59
Quickly checks oxygen in head-space gas (dib) .....Nov. *91
Speeds quality control (fl) .....Nov. *137

R

Racks

Quick-freeze rack (e) .....July *113
Racks quickly converted for different size cases (e) .....Jan. *106
Wire separator racks (e) .....Nov. *135

Radiant Heat—Strides in radiant heat transfer. C. A. Mills. ....July *39

Radiation—Food preservation by... radiation. Samuel A. Goldblith..May *49

Radioactivity — What you should know about FDA's radioactivity program. E. P. Laug .....July *43

Refrigeration

Carnation Co. curbs refrigeration loss (pi) .....June 69
Cost refrigeration costs (dib) ....May *101
Humi-guard unit holds high humidity .....Dec. *57
Insulated food container (e) ..June *120
New refrigerant mixture offers many advantages (e) ..... Apr. 118
Refrigerate your candies. J. G. Woodroof .....Sept. *114
Refrigerated rail cars tested—mechanical vs water ice systems (at) (A) ....Mar. *93
Refrigeration goes fully automatic. A. F. Christensen. .....Feb. *43
Refrigeration-heating unit (e) ..Nov. *130
System interlocks provide flexible refrigeration. H. F. Burpee ..Apr. *100

Research

Foods of the future. Loren B. Sjostrom .....June *110
Key trends in research (tm) .....Jan. 55
Making research pay (tm) .....Feb. 51
New product and package R&D Nov. *77
Pet favors balanced R&D (tm) ..July 53
Stange's multi-lab spurs R&D ....Oct. *66
Technical achievement will race 1963 (ed) .....Jan. 37

S

Safety

Aids plant security (e) .....Oct. 128
Daytime safety lights (pi) .....Oct. 71
Decorative steel column resists fire (e) .....Oct. *124
Designs safety into conveyor systems (pi) .....Mar. *61
Eliminates fire hazard (pi) .....Aug. 85
Guards personnel, food (pi) ....May 77
Handling chemicals safely (tm) ..May 69
Improves elevator safety (dib) ..July *87
Parking-lot safety (pi) .....Mar. 61
Salt fights fires (pi) .....May 77
7-point safety program (tm) ....Mar. 53
You prevent accidents? (tm) ....Nov. 53

Salt

External controls improve wet salt storage (e) .....Mar. 124
More tailored salts .....May *114

Salter—Precision salter .....July *102

Sampling

Combination check valve .....Nov. *99
Offers programmed stream sampling (e) .....Nov. *128

Sanitation

Barrier cream guards against skin irritation (sm) .....Jan. 108
Canners achieve phenomenal safety record (ed) .....May 47
Curbs boxcar infestation. R. Griggs .....Feb. *91
Curbs microorganisms in cooling water (sm) .....Aug. 110
Five steps to sanitation (tm) ..Feb. 51
Good storage practice (pi) .....Feb. *59
Guards personnel, food (pi) ...May 77
Halogen mixture increases efficiency of disinfectants (at) (A) .....May 117
Microbiological aspects of one trip glass bottles (at) (A) ....Mar. 93
Nozzle rotates 360 deg for stream control (sm) .....May *156
Offers dustless filling (e) .....Mar. *112
Potent rodenticide (sm) .....July 119
Processors spur sanitation progress. George P. Larrick. ....Apr. 71
Programs tank cleaning. Victor Ecimovich, Willard Nebb, and Ed Kuhles .....Nov. *44
Roach repellant guards packing cases (sm) .....June 125
Sanitation report .....Apr. *69
Sanitation seminars guard food quality .....Apr. *83
Sensitive metal detector (e) .....Mar. *112
Summons from FDA. T. L. Hugé ..Dec. *41
'Synergist' ups germicidal action. John V. Ziemba .....June *106
3 simple steps control rodents. F. E. St. Aubin .....Jan. *56
Ups sanitizing efficiency .....Nov. 118
Versatile sanitizer (sm) .....Sept. 139

Sauces

Beans 'n spices (pp) .....June *32
Dry sauce mixes make the meal (pp) .....June *33
New sauce mixes (pp) .....July *26

Sausage Casing—Protein film makes superior sausage casing. P. F. Hopper .....Sept. *102

Scales

Automates scale batching (e) ..July *114
Digital weight indication (e) ....Nov. *127
Virilux 711 projected indication scale .....Dec. *57

Scanner—New U/V scanner .....Nov. *99

Screens—Dewatering screen (dib) ..Dec. *77

Sealers

Polyurethane sealant (sm) ...May 156
Versatile vacuum sealer (e) ....Oct. *118

Separation

High capacity warm milk separator .....Jan. *50
Oil-mist separator (e) .....Aug. *106
1-pass classifier offers high capacity (e) .....Nov. *126
Sealed-shell separator-strainer ..Mar. *57
20-in. air separator (fl) ..... Oct. 131

Shipping

Cuts refrigeration costs (dib) ..May *101
Newest way to bulk ship 'drys' Feb. *48
Retailer tells packers (ppo) ....Jan. 33

Shortenings—Liquid shortenings ....May 92

Smoking

Avoid carcinogenic hydrocarbons Aug. 54
Electrostatic smoking ....Aug. 54

Spectrophotometry

Infra-red spectra detect chocolate adulterants (pi) .....Dec. 61
Offers new programming (fl) ..Dec. *108
Spectrophotometer (fl) .....Oct. 131

Spices—Tests of insecticide spray on spices stored in bags (at) (A) .....Apr. 96

Spray Cleaning—Spray cleaner handles liquids and powders (sm) ..Mar. *125

Spray Drying

Cuts processing costs 24% with new spray dryer (dib) .....Oct. *87
Spray-dried to order. John V. Ziemba .....Nov. *63
Spray drying without dust .....Feb. *78
Unique spray dryer produces uniform large particles (e) .....Sept. *122

Spraying Equipment

Compact electric sprayer (sm) ....Nov. 138
Puts the cross on hot-cross buns (pi) .....Sept. *72

Stabilizers

Cottage-cheese stabilizer (ia) ..Oct. 133
Curbs carton leakage (ia) .....Sept. 140
How ice cream stabilizers affect freezing of systems (at) (A) ..May 117
Stabilizer-sweetener mix .....May 86
Starches, sweeteners, stabilizers ..May 82

Standardization—Standardizes milk automatically. J. L. Newcomer (charts) .....Mar. 54

Starches

Aging rice artificially (at) (A) ..Oct. 101
Corn starch provides unique gelation traits (ia) .....June 126
Factors affecting tensile strength of starch films (at) (A) ....Sept. 105
Low-moisture starch (ia) .....July 118
Offers 3 new starches (ia) .....Aug. 111
Starch offers 70% amylose (ia) ..Sept. 140
Starch stability guards frozen, canned items (ia) .....Dec. 110
Starches, sweeteners, stabilizers ..May 82

Steam

Heinz creates new methods. Frank K. Lawler .....May *54
Stop wasting steam! .....Sept. *68
Versatile steam cleaner (sm) ....July *119

Sterilization—DEPC—for cold sterilization. A. D. Lachmann (table) Mar. *89

Storage

Caves offer low-cost cold storage (pi) .....Dec. *61
Cool storage preserves processed food quality (at) (A) .....June 103
External controls improve wet salt storage (e) .....Mar. 124
Good storage practice (pi) .....Feb. *59
Keeping syrups hot .....Aug. 55
Plastic bin (e) .....Oct. *123
Producing and storing beer concentrates (at) (A) .....Feb. 90
Saves floor space, improves process efficiency (dib) .....Nov. *93
Storage gases increase produce-holding time (e) .....Apr. 114
Tips on bulk handling, storage of chocolate (pi) .. ..Nov. 69

Strapping

Re-usable metal-mesh strapping (e) .....Sept. *136
2 strap aids .....Aug. *86

Sugar

Free-flow agglomerates from dry brown sugar (at) (P) .....Nov. 103
How sugars, amino acids affect bread qualities (at) (A) .....June 103
Spray-dried lactose .....May 85
Sugar blends. George M. Kovac ..May *108

Sweeteners

Candy sweeteners show gains in consumption (at) (A) .....Aug. 92
Latest uses of . . . synthetic sweeteners. K. M. Beck and A. S. Nelson .....May *96
Stabilizer-sweetener mix .....May 86
Starches, sweeteners, stabilizers..May 82

Switches

Offers 1-in. sensitivity (e) .....Feb. *102
Program controller (e) .....May *141

Syrups

Cuts processing costs (ia) ....Apr. 127
Streamlines syrup processing ....July *63
Syrup handling automated. Gene Syverson and John V. Ziemba ..Feb. *94

T

Tank Cars

Car's advanced construction holds foods at near freezing (e) ....Sept. *126
In-transit heater car speeds cargo unloading .....Nov. *116
The shell is plastic (e) .....Aug. *104

Tank Trailers—User-oriented tank trailers. John V. Ziemba .....Sept. *109

Tanks

Plastic tanks have many advantages (e) .....Dec. *101
Saves floor space, improves process efficiency (dib) .....Nov. *93
Silo tank is tapered for in-place cleaning (e) .....Oct. *128
Vacuum brining tank (fl) .....Oct. 131

Telemetering—Supervisory telemetering system .....Nov. *99

Temperature — Simple technique checks thermocouple accuracy (pi) .....Jan. *61

Thickeners — New thickener improves viscosity control (ia) ..Dec. 110

Tomatoes—Evaluating quality factors in tomato catsup (at) (A) ..Jan. 93

Toxicity—Toxicity date evaluated ..May 126

Training—Training key personnel ..July *78

Transmission

Small-shaft friction clutch (e) ..Oct. *121
Speeds sprocket change (e) .....May *141

Transportation—Low-temp trailer ..Aug. *50

Treatment — Cuts water-softening cost (e) .....Nov. 128

*Illustrated. (A) Abstract. (e) Equipment. (ed) Editorial. (P) Patents.

Index to Vol. 35, January, 1963 to December, 1963

Trucks and Trucking
Aids trailer sanitation ..... Dec. *97
Cuts costs with plastic truck bodies (dib) ..... May *99
Cuts truck-operating cost (e) ..Nov. 136
Fork truck doubles as snow plow (pi) ..... Jan. *62
Gasoline truck (e) ..... Dec. *104
High-mileage truck tire (e) ..... July 107
Liquid-N$_2$ system saves cargo space (e) ..... Nov. *127
Maintenance of fork trucks ....Dec. 73
Refrigerated body (e) ..... May *153
Tranfers 10-ton container in 3 min (e) ..... Oct. *114
Wine tank car (e) ..... July *108

Tubing—Reinforced plastic tubing (e) ..... Dec. 103

U

Ultrasonics — Europe uses ultrasonics ..... Aug. 55

V

Vacuum Processing
Using vacuum to decrease openness of cheese (at) (A) ..... Oct. 102
What you can do today with vacuum processing—Part I ... Sept. *45
What you can do today with vacuum processing—Part II ..... Nov. *106

Valves
Dry-materials valve curbs bridging (e) ..... Aug. *106
Powerful valve actuator (e) ....Oct. 124
Remote-control valve (e) ..... Dec. *103

Vegetables
Prepared side dishes (pp) ..... Mar. 28
Quick-cooking dehydrated vegetables. J. Cording, Jr., R. K. Eskew, J. F. Sullivan, and N. H. Eisenhardt ..... June *52

Vending
Automatic food vending. Franz J. Serdahely ..... Sept. *9
Automatic vending ..... Aug.

Vibrators—Ups vibrator efficiency (e) ..... June 119

W

Waste Disposal
Burns its refuse (dib) ..... Aug. *90
Cuts waste-disposal cost (sm) ....May *156
Strides in waste disposal ..... Apr. *85

Weighing
Belt scale weighing via strain gage transducers (at) (A) ..Nov. 103
Clutch indicator speeds manual batching (e) ..... Sept. *134
Compact weight recorder ..... June *58
Cuts costs with electronic hopper unloading (dib) ..... Mar. *81
Electronic weighing batches liquids (e) ..... May *136
Gross underweight weigher (e) ....Dec. *104
Nuclear system gages mass flow to +0.5% (e) ..... Jan. 104
Records product weight (e) ..... Oct. *126
Rotary weigher offers advanced control (e) ..... Oct. *114
Simplifies weighing (e) ..... May 144
Wide-package classifier (e) ..... Apr. *116

Wines
Dietary kosher wine? (pp) ....Mar. *26
Hydrogen sulfide in wines (at) (A) Oct. 101
Pre-gift wine wrap (pp) ..... Nov. *29

Y

Yeast
Autolyzed yeast extract (ia) ...Aug. 111
Chemical yeast inhibitors (at) (A) ..... Nov. 104

Yolk
Gelation of egg yolk (at) (A) .. Apr. 97
Yolk solids performance in cake doughnut mix (at) (A) ..... Apr. 95

AUTHOR'S INDEX

JANUARY TO DECEMBER 1963

A

Adams, Harold and Felix, J. 'Ted' —Impact mills provide . . . better starch recovery . . . . . Feb. *47
Adamsen, W. A.—Ingredient switch cuts costs ..... May *89

B

Babb, E. M. and others—Simulate your way to sound decisions...June *45
Bates, John H. — Pallets aren't enough—you must unitize .....June *49
Beck, K. M. and Nelson, A. S.— Latest uses of . . . synthetic sweeteners ..... May *96
Benner, Don W.—How to select a compressed air system—part I..Jan. *86
How to maintain your compressed air system—part II ..... Feb. *56
Bondi, H. S.—Two processing units for viscous materials ..... Mar. *51
Bordewyk, G. L. and Peterson, T. F. —Form your own plastic trays..July *46
Brown, Harold D.—Area redevelopment—an aid to expansion..... Mar. *49
Burpee, H. F.—System interlocks provide flexible refrigeration... Apr. *100

C

Carlson, V. R.—Aseptic processing advances (chart) ..... Jan. *45
Christensen, A. F.—Refrigeration goes fully automatic ..... Feb. *43
Clauson, S. W.—Palletization . . . or . . . palletless handling? ..... Jan. *72
Cocks, C. A.—Simplifies filter-aid handling ..... Dec. *79
Cording, James, Jr. and others— Explosive puffing ..... Apr. *91
Quick-cooking dehydrated sweet potatoes ..... Nov. *59
Quick-cooking dehydrated vegetables ..... June *52

D

Del Rosso, Victor and Speers, James W.—General Mills' Rx for package-weight control ..... Apr. *43

E

Ecimovich, Victor and others—Programs tank cleaning ..... Nov. *44
Eisenhardt, N. H. and others— Quick-cooking dehydrated vegetables ..... June *52
Eskew, Roderick K. and others— Explosive puffing ..... Apr. *91
Quick-cooking dehydrated sweet potatoes ..... Nov. *59
Quick-cooking dehydrated vegetables ..... June *52

F

Felix, J. 'Ted' and Adams, Harold— Impact mills provide . . . better starch recovery ..... Feb. *47
Fitzgerald, Gerald A.—Labor productivity in food distribution: Part III—Proposed ABC system should make fractional palletization practical for all food manufacturers, wholesalers, and retailers ..... Jan. *97
Part IV—Automatic re-ordering, inventory control, and stock replacement offer unusual cost-cutting potential to food processors ..... Feb. *83
Part V—Here is a practical labor-saving technique for all food processors: fractional palletization of products in trays.. Mar. *100
Part VI — Packers can enjoy higher profits through warehousing and retail delivery under the ABC control system... Apr. *105
Part VII — Tray packing all manufactured food items provides for 100% palletization and long-range ordering by buyers ..May *72
French, C. E. and others—Simulate your way to sound decisions ..June *45

G

Gallagher, L. C.—Lemon juice improves foods ..... May *94
